Good Help to Those in Need®

welcome ...

Welcome to Lee Davis Pediatrics. It is our sincere desire to give you the best health care possible. We specialize in pediatrics and provide compassionate primary care to children of all ages.

Services

Our comprehensive services include:

- Annual physicals
- Sports physicals and back-to-school physicals
- Well check-ups and immunizations
- Newborn care at the hospital
- Care of acute childhood illnesses
- Care for chronic diseases such as diabetes, hypertension and obesity
- Lactation counseling — free to our mothers
- Around-the-clock telephone access to a pediatrician for urgent concerns

Appointments

Our office is open Monday through Friday, 8 a.m. to 5 p.m. Evening and Saturday hours are available by appointment. One of our pediatricians is also available Monday through Friday from 8 a.m. until 11 a.m. for “walk-ins” with acute illnesses. Please contact us if you need to cancel your appointment.

In order to provide your child with the best possible care, we need the most up-to-date information. Please remember to bring your insurance card and a list of all medications your child is taking.

Prescription refills

For your convenience, refill requests for medications other than controlled drugs may be requested through your pharmacy, and your pharmacy will submit the request to us. Medication refill requests should be made during normal business hours. We require 48 hours to process refill requests. We are not able to provide medication requests after hours.

Please remember that in certain situations, appropriate medical care requires a patient examination before a prescription can be filled.

Telephone calls

Have a question? That’s why we are here! Feel free to call us Monday through Friday, 8 a.m. to 5: p.m. Our staff will make every effort to answer your call. If all of our staff are assisting patients and you receive voice mail, please leave your name, your child’s name and date of birth, two telephone numbers where you may be reached, and a brief description of your child’s medical problem, so that we may process your call promptly.

Since our physicians are caring for patients, only in the event of an urgent medical situation will the physician be called to the telephone immediately.

Emergencies

For emergencies, our physicians are available to you 24 hours a day. You can call our main office number 804-730-4690, and after hours you will be transferred to our on-call physician service. ***If at any time you are experiencing a life-threatening emergency, call 911.***

Medical records

Your child’s records are confidential and will not be released without signed consent from a parent or guardian.

Referrals

If your physician has referred your child to a specialist, we request 48-hour notice for processing referrals, except for emergencies.

Insurance and payment information

We accept most insurance plans. Many plans require that you make a co-payment at the time of your visit. For self-pay patients, payment is expected in full at the time of service. To make it as easy as possible for you, we accept cash, checks, Visa and MasterCard. Patients may contact the practice manager to discuss options for financial assistance. If you have any questions regarding your bill, please contact our business office at 804-521-9300 or 800-732-7072.
